Republic of the Philippines  
HOUSE OF REPRESENTATIVES  
Quezon City

EIGHTEENTH CONGRESS  
First Regular Session

HOUSE BILL No. 6561

Introduced by  
BAYAN MUNA Representatives FERDINAND R. GAITE,  
CARLOS ISAGANI T. ZARATE and EUFEMIA C. CULLAMAT

AN ACT  
GRANTING MANDATORY GOVERNMENT SUPPORT  
FOR TRIPLETS, QUADRUPLTS AND OTHER HIGHER ORDER MULTIPLE  
BIRTHS, PROVIDING FUNDS THEREFOR AND FOR OTHER PURPOSES

EXPLANATORY NOTE

22 Mothers diagnosed to have multiple pregnancies experience happiness mixed with trepidation  
23 and unsure of their capacity to sustain the family. Related to this are the high expenses with  
24 extended hospital confinement and frequent hospital visits during the prenatal, delivery and  
25 postnatal check-ups including hospital obstetrical care - ultrasound scan, hospital visits, in-  
26 patient stay, delivery and postnatal care including admittance of the multiple-birth babies to  
27 Neonatal Intensive Care Unit (NICU) after birth. Further, more babies born in the set (i.e.  
28 triplets, etc.) means lower birth weight of each child and increased possibility of confinement to  
29 NICU. Statistics also show that almost half of all multiple births are premature.

30 There are cases of deaths for one or more of the babies and even of the mothers resulting from  
31 complications during pregnancy or at childbirth. This situation then becomes doubly devastating  
32 for the family, psychologically and financially.

33 After birth, extra care and attention is needed by these babies and even of their mothers,  
34 logically, more than single childbirths require. Thus, there is a need to extend not only maternity  
35 leave benefits, but also the paternity leave benefits, for both parents to help the children adjust in  
36 their predicament, and even the parents themselves as well.

37 Children of multiple births also mean additional financial burden to the parents, doubling or  
38 tripling the expenses for every child as they grow older, and more so if they have disabilities. As  
39 most of multiple birth incidents, the preparation of the parents having to raise more children  
40 than what was expected is an issue that calls upon the government to be concerned about,  
41 especially to those from among poor to middle class families.

42 This bill therefore seeks to assist parents of triplets, quadruplets and higher order multiple births  
43 who are faced with the problem of raising several children all at the same time and are not  
44 economically prepared for such a situation. Specifically, mandatory support for these families is  
45 called for on:

- 46 1. All prenatal, delivery and postnatal care services

2. Funeral expenses in case of death of any one or more of the multiple births or their mothers;
3. Extended paternity and maternity leaves for parents;
4. Health and nutrition and educational support.

This bill was first filed by Bayan Muna PartyList in the 16<sup>th</sup> Congress. Thus, the immediate approval of this bill is earnestly sought.
