**EXPLANATORY NOTE**

This bill seeks to establish a Technical Education and Skills Development Authority (TESDA) Training and Accreditation Center in the Municipality of Aliaga, Province of Nueva Ecija.

The Municipality of Aliaga is one of the nine municipalities composing the First Legislative District of Nueva Ecija, and although its proximity from Cabanatuan City provides for better opportunities in terms of availability and accessibility of training centers, many of the learners come from low income families, most of whom will opt to put food on their tables than to spend what little money they have on other expenses.

By establishing a TESDA Training and Accreditation Center in the Municipality of Aliaga, learners from low income families and other marginalized individuals will be able to pursue vocational and technical skills to better prepare them to engage in gainful employment and entrepreneurship and help them become economically stable, globally competitive and productive members of society.

In view of the foregoing, the approval of this bill is earnestly sought.
