AN ACT
ESTABLISHING FREE SPECIAL EDUCATION CLASSES FOR PHYSICALLY
DISABLED PERSON WHO WILL ENROL IN ALL PUBLIC ELEMENTARY AND
SECONDARY SCHOOLS OF THE COUNTRY, AND APPROPRIATING FUNDS
THEREFOR

EXPLANATORY NOTE

Easy access to education is a basic right that should be enjoyed by everyone. It is also one of the government's main concerns as espoused by our Constitution. Special education is no exception. As this branch education is commonly associated with children with special needs, it should be made accessible to physically disabled persons. Sadly however our public elementary and secondary schools do not provide classes for special education.

Therefore, this proposal seeks to resolve this problem by creating special education classes for physically disabled persons who enrol in all public elementary and secondary schools throughout the country. This will be free of charge and will help the physically disabled develop their maximum potential and learning competencies. Their exposure to such type of classes will help prepare them for civic efficiency making them valuable assets of the community.

In view of the paramount importance of this important piece of social legislation, its expeditious passage into law is earnestly requested.
