Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

1 **SECTION. 1. Title.** – This Act shall be known as the “*Passive Income and Financial*
2 *Intermediary Taxation Act.*”

3 **SEC. 2. Declaration of Policy.** – The financial sector plays a significant role in the
4 long-term growth of the national economy. A key policy consideration is to allow the capital
5 market to develop as efficiently as possible, with the least intervention. The optimal taxation
6 of capital markets, and the products and transactions that come with them, is an essential
7 element in developing the capital market. Towards this end, the State recognizes the necessity
8 of a simpler, fairer, more efficient, and regionally more competitive tax system for passive
9 income and financial intermediation to encourage savings and develop as well as deepen the
10 capital markets. Accordingly, the State adopts the following policies:

1 mutual fund certificate, a member in an association, joint-stock company, or insurance
2 company.
