HOUSE BILL NO. 1782

INTRODUCED BY REP. NANCY A. CATAMCO

EXPLANATORY NOTE

Alcohol and Drug Abuse is our country's most serious national public health problem. The Dangerous Drugs Board estimates that there are 1.6 million addicts and another 1.8 million occasional drug users in the Philippines. Meanwhile, while there are no available statistical data on alcohol abuse, it is inarguably prevalent in our country.

Alcohol and drug abuse affects all sectors of our society, rich and poor and regardless of ethnicity in our country. Not only does it affect the abuser himself, but everyone around him starting from his family, to his community, and ultimately our nation as a whole. Sadly however, alcohol and drug abuse is obviously a heavier burden among the poor owing to the sheer lack of access to rehabilitation and treatment centers.

While there are slowly emerging various privately owned and operated alcohol and drug abuse rehabilitation and treatment centers, they are still scarce and are extremely costly. Private rehabilitation centers, while well meaning and admittedly seek to serve humanitarian purposes, tend to be unreachable to some Filipinos owing to their almost prohibitively expensive fees.

This bill seeks to protect public health, safety and general welfare by mandating the establishment of public alcohol and drug abuse rehabilitation and treatment centers in all regions throughout the country that will cater to needs of Filipinos who are victims of alcohol and drug abuse especially indigent ones.

Immediate approval of this proposed legislation is therefore requested.
