HOUSE BILL NO. 489

INTRODUCED BY HONORABLE CHERYL P. DELOSO-MONTALLA

EXPLANATORY NOTE

Education plays an essential role in the overall development effort of the nation particularly in tapping the potentials and harnessing the talents of the Filipino youth. However, this noble objective may not be fully realized if the schools, considered as their second abode, are always subjected to property disputes, frequent transfer of locations, revocation of donations of lands where they are situated and urban planning and development programs of the Local Government Units (LGUs).¹

Data of the Department of Education (DepED) showed that there are still a number of untitled and unregistered school sites throughout the nation and that the government does not have legal property rights over these lands occupied by public schools. In most cases, these school sites are owned by LGUs or are subject to long-term lease agreements with private individuals.²

There are also parcels of lands which were donated exclusively for educational purposes but lack the proper legal documentation to support any efforts by DepED on the transfer of ownership. Thus, upon the death of the donors, the heirs of the latter claim ownership of the land through the revocation of the original donation which subsequently lead to endless court litigations. Most of these cases languish in court for several years, even decades, to the prejudice of the public schools involved.³

The passage of this bill will pave the way for the summary titling of all lands, which are being utilized as public school sites throughout the country. This bill aims to provide all lands being utilized by the Department of Education (DepED) with titles under the “Republic of the Philippines represented by the Department of Education” to enable it to have legal ownership over these school sites. It covers all sites of public schools under the DepED that have been utilized as such for at least five (5) years preceding the effectivity of this proposed measure, which are composed of the following:

- a) Lands of the public domain;
- b) Those that are owned, whether registered or otherwise, by persons or entities other than the DepED.⁴

This bill also seeks to address the need to acquire qualified School Sites on Privately-Owned Lots and Lots Owned by Local Government Units through donation, negotiated sale, expropriation or any other modes of acquisition as provided by law. In addition, the proposed measure declares that DepED will be the prima facie owner of all unregistered qualified school sites, thus, simplifying the process of land titling and registration in favor of DepED. If enacted

into law, this measure will also enable the school authorities to have direct control and supervision over the land occupied by the public schools.

Immediate passage of this bill is earnestly sought.
