**AN ACT**  
**PROVIDING FOR THE CREATION OF MUNICIPAL SPECIAL EDUCATION**  
**CENTERS FOR DEAF-MUTE AND BLIND CHILDREN APPROPRIATING FUNDS**  
**THEREFOR, AND FOR OTHER PURPOSE**

**EXPLANATORY NOTE**

In DECS Order No. 117, series of 1987, under Policies and Guidelines governing Special Education, it categorized and identified those persons who suffer sensory impairment as a special education clientele. Therefore, children who are deaf-mute and blind fall under such category. This bill proposes to concretize the constitutional mandate that that State shall "*promote the right of all citizens to quality education ... and to make such education accessible to all.*"

As compared to normal children, deaf-mute and blind children have different and special needs which require careful attention and care. In the early 90's, the Congressional Commission on Education or EDCOM had already reported the inadequacy of programs and the poor access to special education (SPED) due to the limited number of special schools and SPED centers in the country.

In view of the foregoing, this bill is timely and important as it seeks to address the problem of limited SPED facilities by establishing Municipal Special Education Centers for deaf-mute and blind children. This is to ensure the ease of accessibility for such children to SPED facilities in every municipality throughout the country.

It is my fervent hope that our colleagues will ensure the speedy passage of this bill in to law given its far-reaching impact.
