EXPLANATORY NOTE

This bill seeks to convert the Camarines Norte South Coastal Road going to Camarines Sur classified as provincial road into a National Secondary Road. It starts at Daang Maharlika junction in the Municipality of Basud from Km. 347+312 going to the coastal barangay of Mangcamagong, Municipality of Basud, and continues to other coastal barangays of the Municipality of Mercedes and ends at Lanot Creek, Barangay Lanot, Municipality of Mercedes, which is the provincial boundary between Camarines Norte-Camarines Sur.

The Basud junction from Daang Maharlika to Lanot Creek, Mercedes, is a thirty seven (37) kilometer stretch of gravel roadway traversing virgin forests and coastal barangays that lay parallel to the San Miguel Bay and can be developed into picnic groves, retreat and beach resorts where one can commune with nature. This area is practically untouched and should be developed to enhance its tourism, agriculture and fishing industry and address its insurgency problem. It is imperative that its ecological balance be maintained. This road likewise leads to tourist destinations like Lanot Soda Spring, Lanot Beach, Mangcamagong Beach, Colasi Falls and Mercedes Group of Islands including Canton Cave, all of which have been certified by the Dept. of Tourism as included in the Central Tourism Cluster Projects.

The existing roadway is in a state of disrepair because the provincial government cannot provide the necessary funds for its maintenance. During the rainy season, it is practically impassable.

This bill was filed in the 15th & 16th Congress by then Representative Elmer E. Panotes but did not meet the technical requirements. So, after thorough review and technical modifications, this bill is being re-filed for the same worthy purpose it will serve to the 2nd District of Camarines Norte.

It is therefore in this light that the approval of this bill is earnestly sought.
