

Republic of the Philippines  
**HOUSE OF REPRESENTATIVES**  
Quezon City, Metro Manila

**Eighteenth Congress**  
First Regular Session

House Bill No. 4441

---

Introduced by **Representative Gil "Kabarangay Jr." A. Acosta**

---

**EXPLANATORY NOTE**

This bill was filed in the Seventeenth Congress as House Bill No. 3569 and was approved on initial deliberation by the Committee on Natural Resources. This bill seeks the reclassification of certain parcels of timberland into alienable and disposable lands in Barangays Cabigaan, Magbabadil, Barake, Iraan, Sagpangan, Katuang-Tuangan, Isaub, San Juan, Apurawan and Culandanum in the Municipality of Aborlan, Province of Palawan.

Aborlan is a municipality located in the central part of mainland Palawan, approximately 69 kilometers southwest of the capital city of Puerto Princesa. It has a total land area of 908 square kilometres subdivided into 19 barangays. As of 2016, Aborlan has a total population of 35,091.

Its economy is largely agriculture-based with rice, corn and vegetables as the major crops. With an extensive coastline and relatively intact forest cover, it also has untapped tourism potential.

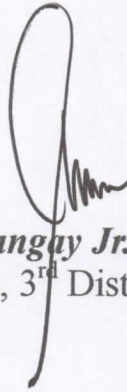

Despite its abundant natural resources, however, Aborlan remains a 2<sup>nd</sup> class municipality and largely undeveloped. There are no major industries and no big investments and most of the residents rely on two major institutions as primary sources of employment – the municipal government and the local state university.

One of the primary reasons for this is the timberland classification of a big portion of Aborlan which has limited the utilization of its land resources and discouraged the entry of investors. Even the residents themselves who have long been tilling and developing parcels of land cannot apply for title to their occupied areas.

Thus, there is an urgent need to reclassify as alienable and disposable lands not only those timberland that are already occupied but to also open up

government lands to provide permanent dwelling and viable source of livelihood to our marginalized farmers and other sectors in Aborlan. This will also encourage the entry of investments, the growth of business opportunities and the development of trade and industry since there are no longer legal restrictions to land ownership in the Municipality of Aborlan.

In view of the foregoing, approval of this bill is earnestly sought.

A handwritten signature in black ink, featuring a large, stylized capital 'G' followed by a series of loops and a long vertical stroke extending downwards.

**Gil "Kabarangay Jr." A. Acosta**  
Representative, 3<sup>rd</sup> District of Palawan

13  
14 Sec. 2. The Secretary of the Department of Environment and Natural  
15 Resources shall issue the necessary implementing orders, rules, and  
16 regulations and circulars to implement the provisions of this Act.

17  
18 Sec. 3. All laws, executive orders and other issuances inconsistent with the  
19 provisions of this Act are hereby repealed or amended accordingly.

20  
21 Sec. 4. This Act shall take effect upon its approval.

22  
23 Approved.
