EXPLANATORY NOTE

No less than the Constitution itself provides that "the State shall protect the rights of subsistence fishermen, especially of local communities, to the preferential use of the communal marine and fishing resources, both inland and offshore. It shall provide support to such fishermen through appropriate technology and research, adequate financial, production and marketing assistance and other services..." (Sec.7, Art. XIII)

This bill seeks to establish a Fish Port in Barangay Macuyon, Municipality of Sirawai in the Province of Zamboanga Del Norte. Its construction in the said Barangay is feasible because of its rich marine resources and that most of those who reside there are smalltime fisher folks who mainly rely on fish and marine resources in and around the area for their livelihood and daily subsistence.

The said Fish Port is not only expected to provide a simplified and organized trading but will facilitate easy handling of fishery products right from its sources down to the middlemen and to the consumers as well. Providing therein, new economic opportunities for residents of Barangay Macuyon, Municipality of Sirawai.

In view of the foregoing, the approval of this Bill is earnestly sought.
