HOUSE BILL NO. 4049

Introduced by: Representative JOHNNY T. PIMENTEL

EXPLANATORY NOTE

Teachers serve as the front-liners in the social function of rearing the young minds. They take the vital role in rendering the primary training of the nation's forthcoming human capital in the Philippine public schools.

It is but unfortunate that our public school teachers receive only a meagre pay. The dearth compensation precludes them from coping up with the fast increasing daily standard of living. As such, many of our teachers fall marginalized in their economic capacity.

The Philippine government, through the 14th Congress' Joint Resolution No. 4 in 2009, has recognized the principle that all government personnel shall be paid with just and equitable compensation. This was further increased over the years. Nevertheless, our teachers are still left in a relatively scant salary grade of SG-11.

It is State policy to provide a high budgetary prioritization in education and ensure that the teaching profession be kept competitive. This measure seeks to recognize the crucial role of our teachers to the Philippine society.

The approval of this Bill is earnestly sought.
