**AN ACT
CREATING AN AMUSEMENT PARKS SAFETY BOARD**

EXPLANATORY NOTE

The Constitution, Article 2, Section 13 provides that the *"The State recognizes the vital role of the youth in nation-building and shall promote and protect their physical, moral, spiritual, intellectual, and social well being. It shall inculcate in the youth patriotism and nationalism, and encourage their involvement in public and civic affairs."*

This provision in our Constitution reflects how important the role of our youth in nation-building. To achieve this, the State needs, first and foremost, to protect our youth's physical well-being. Various laws have been passed to ensure the safety of our youth. For instance, there is Republic Act No. 7610 or the "Special Protection of Children against Abuse, Exploitation and Discrimination Act" and Presidential Decree No. 603, also known as the "Child and Youth Welfare Code."

To further strengthen these existing enactments, I am proposing the passage of another law to protect children while they are riding amusement rides. This is to address the continued rise of incidents which resulted to the deaths of children while riding said rides.

In September 2006, a child fell from the Wild River ride of the famous Star City in Pasay City. In December of the same year, another child was killed and several others injured following an accident at a mini-carnival in Marikina City where the cable car from one of the rides fell to the ground.

These are just some of the incidents that could have been prevented if an agency of government, aside from the local civil engineer, were created to strictly monitor and approve if carnival rides are truly safe. This bill seeks to do that and by doing so, ensures the safety of our children.

In view of the foregoing, early passage of this bill is earnestly requested.
