EXPLANATORY NOTE

Section 2, Chapter 1, Title XVIII, Book IV of the Administrative Code of 1987 mandates the Department of Science and Technology to "formulate and implement policies, plans, programs, and projects for the development of science and technology and for the promotion of scientific and technological activities for both the public and private sectors and ensure that the results of scientific and technological activities are properly applied and utilized to accelerate economic and social development".

In line with this constitutional mandate, the Balik Scientist Program (BSP) was established pursuant to Presidential Decree No. 819 dated 24 October 1975 for a period of five (5) years and was extended up to October 1986 by Letter of Instruction No. 1044 dated 18 July 1980. The program has been dormant for almost a decade after the expiration of the period of extension. However, due to the remarkable outcome of the program as well as the presence of still many highly trained overseas Filipino professionals who have the expertise along the government priority areas of agriculture, energy and nutrition development, the BSP has been revived and instituted under the Department of Science and Technology (DOST) through Executive Order No. 130 dated October 25, 1993.

Notwithstanding the success of the program, there are still a lot of Filipino scientists, technology experts and researchers outside the country that has not been tapped due to circumstances that cannot be addressed by the existing BSP. It is for this reason that the existing BSP needs to be institutionalized and strengthened through a legislative fiat and including therein better incentives and benefits that would draw these Filipino experts to return back to their beloved country and share even for a limited period of time and hopefully for good, their knowledge and expertise, thereby helping the country attain its objective of accelerating economic and social development.

It is for these reasons that we seek immediate approval of this Bill.

HOUSE BILL NO. 1204

Introduced by **Hon. Divina Grace C. Yu**

AN ACT
STRENGTHENING THE BALIK SCIENTIST PROGRAM AND
APPROPRIATING FUNDS THEREFOR

*Be it enacted by the Senate and the House of Representatives of the
Philippines in Congress Assembled:*

1
2 **SECTION 1. Title.** This Act shall be known as the "*Balik Scientist*
3 *Act*"
4

5 **SEC 2. Declaration of Policy.** The State recognizes that the utilization
6 of the expertise of expatriate Filipino scientists and technologists is a vital
7 component of the nation's political, economic, and social development
8 efforts, hence, it is hereby declared to be the policy of the State to encourage
9 Filipino scientists and technology experts from abroad to return to the
10 Philippines and share their expertise to help accelerate the growth and
11 progress of the country. Towards this end, any foreign-based scientist,
12 professional, technician, or any person with special skills or expertise who is
13 of Filipino descent shall be allowed to share such expertise and pertinent
14 knowledge gained through the years in the practice of profession with sectors
15 of the economy that will greatly benefit from such collaboration and transfer
16 of technologies. The participation and service of expatriate or returning
17 scientists shall be governed by rules and regulations that shall be promulgated
18 by the Department of Science and Technology (DOST) in consultation with
19 relevant agencies of the government and non-government organizations.

1
