**EXPLANATORY NOTE**

The growing number of lawless activities does not only affect our communities and public places but also inside our educational institutions. In the Philippines, most incidents include theft, bomb threat from terrorist groups and illegal drug related cases. Recently, a Grade 7 student at Castor Alviar National Highschool, and a resident of Barangay Pansol was shot dead by an assailant using revolver. The victim, Mark Anthony Miranda, was shot inside his classroom in front of his classmates. Reports said the school has no security guards.

The purpose of this Bill is to provide security and safety measure in educational institutions including technical vocational institutions throughout the country by establishing a Crime Prevention Committee. This committee is responsible for creating programs and measures against common crimes and offenses under special law like hazing incidents and drug related activities lurking inside and outside the campuses. This committee shall adopt policies that will aid in the prevention of the aforementioned crimes.

Hence, this proposal is submitted for consideration.
