**EXPLANATORY NOTE**

The Government Service Insurance System (GSIS) was created in 1936 pursuant to Commonwealth Act No. 186, which established the GSIS to promote the efficiency and welfare of the employees of the Government.<sup>1</sup> The organic law of the GSIS had been amended through the years, and it was overhauled by the passage of Republic Act No. 8291 or the GSIS Law of 1997.<sup>2</sup>

However, the GSIS law still needs further refinement due to the exigencies of the current socio-economic context and the ever-changing condition of the country's economy. Section 14 of R.A. No. 8291 empowers the GSIS Actuary and Board to periodically adjust the monthly pension of GSIS members. Unfortunately, this provision merely gives the GSIS the prerogative to adjust the monthly pension instead of mandating set adjustments per year in order to reflect the changing economic conditions of the Filipino people. In so being, it is strongly recommended to amend the said provision in order to compel the yearly adjustment of the GSIS monthly premiums, taking into account prevailing inflation rate and the present consumer price index in the country.

It must be noted that the provision of adequate social services which promotes a just and dynamic social order, ensures the prosperity and independence of the nation and frees the people from poverty is Constitutional state policy of the country.<sup>3</sup> Our citizens from the public sector, especially those who have retired from civil service, heavily rely on the monthly pension they receive from the GSIS.

To fulfill the mandate of the Constitution and of the original organic law of the GSIS, the monthly pension of the GSIS members must be adjusted per annum to help the GSIS members cope with the rising cost of living due to inflation.
