House Bill No. 2741

EXPLANATORY NOTE

Under the Bill of Rights of the Philippine Constitution as well as the United Nations' Universal Declaration of Human Rights, certain civil and political rights are guaranteed every person, among of which are the freedom of speech and freedom of the press. This proposed bill seeks to further enhance these basic rights by promoting the welfare and protection of journalism in the country.

Journalists, as purveyors of truth, risk their life and limb in order to make people aware of the local, national and international events. They provide the essential vehicle for the exchange of ideas between cultures and nations. Considering these, it is necessary for the enactment of a law that will ensure a living wage, an atmosphere conducive to productive journalism work, reiterate value of ethics, provide for development programs that will deepen the practice of their profession, and promote the defense and protection of freedom and human rights of journalists and their organizations.

In view of the foregoing approval of this bill is earnestly sought.
