HOUSE BILL NO. 17

Introduced by: **REP. RAUL V. DEL MAR**

EXPLANATORY NOTE

The attached bill seeks for the construction of skyway overpasses over and tunnel underpasses under the three (3) most congested road sections in the First District of the City of Cebu.

Both these proposed over and under separate grade level intervention projects are urgently needed to alleviate the horrendous traffic suffered by the residents of the first district of the City of Cebu for years now.

This bill was already filed in the last 17th Congress but unfortunately was not approved for lack of time before adjournment of Congress.

In this light, approval of this bill is earnestly sought.
