The Municipality of Calauan in the Province of Laguna is a 2nd class municipality in the province of Laguna, Philippines. According to the 2015 census, it has a population of 80,453 people.

As a tourist destination, Calauan is known for the sweetest pineapples across the country. The fertile lands of the town saw an increase in the population of farmers as well as land area used for pineapple farm in the past centuries. Throughout the years, the abundance of pineapples has provided economic opportunities for the town as well as food and livelihood for the citizens of the town. In order to maintain and improve its industry and push the town to positive and sustainable development, steps protecting the natural resources of the town must be sought.

This proposal seeks to declare the Municipality of Calauan as an ecotourism zone and appropriate funds for the purpose. With the proposal to develop Calauan into an ecotourism zone, we hope to generate economic growth by providing employment opportunities through tourism activities among the residents of the municipality. Other tourism related industries will also spur further economic development in the area by providing local employment opportunities through hotels, resorts, restaurants, transportation services, souvenir shops, among others.

In view of the foregoing, the passage of this bill is earnestly sought.
