17th Congress
First Regular Session

HOUSE BILL NO. **2637**

Introduced by Representative WES GATCHALIAN

EXPLANATORY NOTE

In today's political and economic world, acts of war, terrorism, political or civil unrest dominates the global politics. We have the "Arab Spring" and its post era known as "Arab Winter", many years back, we also have the "Autumn of Nations" that swept the Eastern Europe and now, worst are the acts of terrorism committed by some fundamentalist groups.

The unrest are sustained campaigns involving strikes, demonstrations, marches, rallies, lootings and attacks on government and civil structures that endangers human lives because some are met with violent response from the authorities hence, the sprouting of the UN refugee camps in affected areas.

In the midst of this unrest are our OFW's who are caught in the crossfire who happens to be working on dangerous zone or high risk areas. They are exposed to various forms of threats resulting to death, injuries, kidnapping, tortures, and even as prisoners of war.

While there are government efforts to secure OFW's from this war torn areas thru evacuations and repatriations, our OFW's are not yet financially protected for all the risk they encounter in dangerous countries and/or high risk remote regions brought about by the unrest.

Also, although Republic Act No. 8042, as amended and known as "The Migrant Workers and Overseas Workers Act of 1985" provides for a compulsory insurance to all the migrant and overseas workers during the duration of their employment, the insurance however, exclude "war risk" losses as they are normally excluded from basic insurance policy.

This bill therefore seeks to includes war risk provisions in all the insurance policy required under RA 8042 as amended for the financial protection of all OFW's and their dependents, against losses sustained from occurrences such as war risk insurance, invasion, insurrection, revolution, military coup and terrorism.

Hence, approval of the bill is earnestly sought.
