EXPLANATORY NOTE

Public school teachers play a vital role in the development of the Country. They are the one responsible for teaching, developing and nurturing the full potential of the youth to become a better individual in the society. Most of Filipino parents cannot send their children to private schools because of poverty. Without public school teachers, our public education system will never run and will result to chronic illiteracy that will plague the young generation.

Despite the inadequate remuneration given, our beloved public teachers aside from teaching, are utilize by the State to facilitate the elections. They also act as a social worker in evacuation center in case calamities strike. It is about time for the State to recognize the vital functions of our public-school teachers by increasing their salaries not only to make their ends meet but also to give them a motivation to their valuable efforts for the development of our society.

This bill seeks to alleviate the living conditions of our public school teachers by giving them an increase in their salary.

In consideration of the foregoing premises, the passage of the bill is urgently sought.
