House of Representatives  
Quezon City**

17<sup>th</sup> Congress  
First Regular Session

**HOUSE BILL NO. 4186**

---

**Introduced by Representative DEOGRACIAS B. RAMOS, Jr.**

---

**EXPLANATORY NOTE**

This bill seeks to establish the Bulusan Volcano National Park in Sorsogon.

The protected area is a source of pride among Sorsogonians and attracts large number of tourists due to its hot and ice-cold springs, pristine lakes, diverse flora and fauna and the majestic beauty of Bulusan Volcano. The cool climate and lush forest prompted many to call it the "Switzerland of the Orient".

There are three main peaks and two lakes within the natural park. Bulusan Volcano, which has a highest peak at 1,547 meters above sea level, is known for its deep ravines and caves.

The area is home to a number of wildlife such as Kalaw (Rufous Hornbill), Tariktik (Tariktik Hornbill), Philippine Hanging Parakeet (Kulasisi) and Brahminy Kite (Banog). Endemic ground orchids, jade vine and dipterocarp species of forest trees can also be found.

The natural vegetation surrounding Bulusan Lake also serves as watershed, providing water to the underground reservoir and lowland communities. The area of Bulusan Volcano is a source of water to five (5) nearby municipalities, namely, Juban, Irosin, Barcelona, Bulusan and Casiguran.

All considered, it is crucial that this area be declared a National Park to avoid its degradation, ensure its protection, conservation and preservation, and for its management to be localized.

The immediate approval of this bill is earnestly sought.

PROVINCE OF SORSOGON, AS A PROTECTED AREA  
UNDER THE CATEGORY OF NATURAL PARK,  
PROVIDING FUNDS FOR ITS MANAGEMENT AND  
FOR OTHER PURPOSES.**

*Be it enacted by the Senate and the House of Representatives of the  
Philippines in Congress assembled:*

**Article I – Title, Policies and Scope**

**SECTION 1. Title.** - This Act shall be known as the BULUSAN VOLCANO NATURAL PARK (BVNP) Act of 2016.

**SECTION 2. Declaration of Policy.** - Cognizant of the profound impact of human activities on all components of the natural environment particularly the effect of increasing population, resource exploitation and industrial advancement; recognizing the critical importance of protecting and maintaining the natural and physical diversities of the environment notably areas of unique biological significance to sustain life; taking into account the socio-cultural, economic, aesthetic and environmental values of the ecosystem of Bulusan Volcano and its surrounding areas to the Province of Sorsogon particularly its crucial watershed function with the presence of hot and cold springs and lakes, the diversity of its flora and fauna with some endemic species; and finally, in pursuit of the State's duty to protect and advance the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature, it is hereby declared the policy of the State to secure for the Filipino people of present and future generations the protection and conservation of Bulusan Volcano and its surrounding areas in accordance with Republic Act No. 7586 or the National Integrated Protected Areas System (NIPAS) Act of 1992

and international conventions to which the Philippines is a signatory.

**SECTION 3. Scope and Coverage.** - The boundaries of the Bulusan Volcano Natural Park (BVNP), which fall under the classification of National Park as defined herein, within the municipalities of Barcelona, Bulusan, Casiguran, Irosin and Juban, all within the Province of Sorsogon, are as follows:
