HOUSE BILL NO. 3748

---

**Introduced by Honorable Rodante D. Marcoleta**

---

This bill seeks to require private contractors to whom national, provincial, city and municipal public works projects have been awarded to employ individuals who are considered as indigents by the Department of Social Welfare and Development (DSWD) amending for the purpose Republic Act no. 6685.

With this proposed amendment, the State will be able to give priority for those considered as indigents in various areas where a governed project is being undertaken. Thus, the new law will provide indigents an opportunity to work and earn a living in a decent and honest way. Considering the increase in the number of the unemployed, there is a need for the government to require contractor awarded public works projects by the government to hire not only from those qualified unemployed bona fide and actual residents in the place where the projects are located but also to hire people who are considered indigents by the DSWD.

This bill is also in line with the priority projects of President Benigno Simeon Aquino III to eradicate poverty and reduce the present unemployment rate.

For this reason, approval of this bill is earnestly sought.
