HOUSE OF REPRESENTATIVES

EIGHTEENTH CONGRESS
First Regular Session

House Bill No. 936

Introduced by **MAGDALO Party-List Representative**
HON. MANUEL DG. CABOCHAN III

EXPLANATORY NOTE

The Veterans Memorial Medical Center (VMMC) was constructed as a gift of the American people to the Philippines as token of gratitude to the Filipino soldiers who stood by them during World War II. The 80th Congress of the United States of America passed Public Law 865 in July 8, 1948 which provided \$9.4 million for the construction of a hospital facility with the land to be donated by the Filipino people. The law was implemented in the country by an agreement between the U.S. and the Philippines signed by then Pres. Elpidio Quirino and the U.S. Ambassador to the Philippines Myron Cowen.

The provision of the best possible medical care and treatment to eligible veterans and their dependents is one of the mandated goal of the Veterans Memorial Medical Center. The provision of the best possible care to our veterans recognizes the patriotic services they have rendered in times of war and peace.

This bill seeks to provide juridical entity by transforming it into a corporate body in order to strengthen the hospital's financial operations, reinforce its existence and perpetuation as a first rate and prestigious medical institution.

The salient provisions of this measure are as follows: a) establishment of the VMMC as a corporate body with juridical entity; b) creation of the Board of Trustees composed of the Secretary of National Defense as the Chairperson and the Director of the Hospital as the Vice-Chairperson; and, c) the appointment of three (3) veterans as members of the Board. It is hoped that with the approval of this measure, we will be able to provide our veterans, who require frequent hospitalization for medical attention due to their age, excellent and continued free medical care.

In view of the foregoing, early passage of this bill is earnestly sought.
