SEVENTEENTH CONGRESS
First Regular Session

HOUSE BILL No. 1930

Introduced by REP. JULIETTE T. UY

EXPLANATORY NOTE

The Municipality of Villanueva is a growing industrial hub in the Province of Misamis Oriental that has increased employment opportunities due to at least sixteen (16) medium to large scale industrial plants and/or companies located in the town.

Due to the growing economy of Villanueva, the expanding industries and the corresponding increase in the demand for skilled technical workers, there is a need to establish an education program that would increase the number of technical course graduates. As such, there is a need to establish an extension program of the Mindanao University of Science and Technology (MUST) in Villanueva.

This would ensure that there is a constant supply of technical workers with the necessary skills required by industries coming from a reputable University in the Municipality of Villanueva.

In view of the foregoing, immediate passage of this bill is earnestly sought.

Approved,
