

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

House Bill No. 3840

Introduced by **MAGDALO Party-List Representative**
HON. MANUEL DG. CABOCHAN III

EXPLANATORY NOTE

Occurring in countries within all socio-economic classes, autism is the fastest growing developmental disability. Given the growing number of Autism Spectrum Disorder cases in the country, individuals affected by the said disorder still remain in the marginalized sectors of the country because of lack of government support. This has prevented their total rehabilitation, self-development, and self-reliance.

This bill, thus, seeks to create the Commission on Autism Spectrum Disorders (ASD) to advise and make recommendations to the president, legislature, and government agencies on matters relating to autism spectrum disorder. Here, the Commission is mandated to develop a comprehensive nationwide plan for an integrated system of training, treatment, and services for individuals of all ages with ASD.

In view of the foregoing, the immediate approval of this bill is earnestly requested.
