

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

SEVENTEENTH (17TH) CONGRESS
First Regular Session

HOUSE BILL NO. 2863

Introduced by: HON. DELPHINE GAN LEE and HON. ORESTES T. SALON

EXPLANATORY NOTE

The Constitution, Article XIII, Section 5, provides:

Section 5. The State shall recognize the right of farmers, farmworkers, and landowners, as well as cooperatives, and other independent farmers' organizations to participate in the planning, organization, and management of the program, and shall provide support to agriculture through appropriate technology and research, and adequate financial, production, marketing, and other support services.

The Constitution, Article XIV, Section 1, provides:

Section 1. The State shall protect and promote the right of all citizens to quality education at all levels, and shall take appropriate steps to make such education accessible to all.

Agriculture as an area of study has not received the support that it deserves. While some private and public sectors provide scholarships to some students (University of the Philippines CUPS Scholarship, Department of Agriculture Scholarship, IRRI Landbank Gawad Patnubay Scholarship), these may not last for the long term and may not reach as much students as they should.

There is then a need to institutionalize the grant of scholarships to deserving students who want to study agriculture or aquaculture. This will encourage college students to pursue a career that will help promote and strengthen the agricultural sector in our country.
