#### **EXPLANATORY NOTE**

To equalize the work load, clearly delineate the areas of coverage, promote efficiency and closer coordination, enhance monitoring and provide a faster response time, this bill seeks to reconstitute the existing District Engineering Offices of Pampanga, into four (4) separate and regular district engineering offices consistent and conforming with the current legislative districts of the province.

The proposal will ensure efficiency and effectivity in the work of the district engineering offices as their jurisdiction and mandate are now more clearly defined.
