EXPLANATORY NOTE

This bill seeks to establish a Technical Education and Skills Development Authority (TESDA) Training and Accreditation Center in the Municipality of Cuyapo, Province of Nueva Ecija.

The Municipality of Cuyapo is one of the nine municipalities composing the First Legislative District of Nueva Ecija, and is the farthest municipality from the provincial capital, resulting to limited options for skills training and the like for marginalized individuals in the municipality. The time and expenses incurred just to travel to the nearest TESDA training center is onerous enough, not to mention that in a municipality with many families coming from the low income bracket, this is enough to discourage them from pursuing their ambitions of securing employment and become economically stable.

This bill aims to provide opportunities for the marginalized individuals of the municipality to pursue vocational and technical skills to become economically stable, globally competitive and productive members of society.

In view of the foregoing, the approval of this bill is earnestly sought.
