HOUSE BILL NO. 1187

Introduced by Rep. Mohamad Khalid Q. Dimaporo

EXPLANATORY NOTE

Section 1, Article XIV (Education) of the 1987 Constitution provides that "*The State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all.*"

Consistent with this constitutional mandate, this bill seeks to establish a state college in the Municipality of Tubod, Lanao del Norte to be known as Lanao del Norte State College.

The envisioned state college shall provide the youth of Lanao del Norte access to higher education and develop their talents and skills in the arts and sciences, teacher education, agriculture, engineering and technology as well as in vocational and other technical courses.

For Filipino parents, education is a very important legacy that they can give their children. But for many residents of Lanao del Norte, this legacy remains a distant possibility due to the lack of institutions of higher learning in the province, more so state colleges and universities where the tuition and other fees are affordable. Therefore, establishing a state college in Lanao del Norte will be a dream come true for many parents as it will give their children greater access to affordable but quality tertiary education.

Ultimately, the envisioned state college will improve the quality of Lanao del Norte's manpower pool, enhance its economic development and in the end improve the quality of life of its people

In view of the foregoing, the prompt approval of this bill is highly and earnestly recommended.
