House Bill No. 1410

Introduced by **Honorable ERLPE JOHN "PING" M. AMANTE**

EXPLANATORY NOTE

This Bill seeks to establish a Fishport in the Municipality of Buenavista in the Province of Agusan del Norte.

Fisheries and marine resources are among the main source of livelihood for the people residing in coastal towns. The establishment of a fishport in the Municipality of Buenavista is feasible because of its rich marine resources. The said fishport is expected to stimulate the local economy and will provide economic opportunities to the residents as this will boost the economic activities as regards trading of fish and other marine products.

The said fishport will play vital role in ensuring and strengthening the food security program of the government. With the provision of venue and infrastructure facilities for fish and marine products trading, it will be suitable for fisherfolks, either local or from nearby towns and provinces, to transport and distribute their harvest. The equipment of cold storage and processing facilities in the fishport will help in stabilizing the market prices and increase the quality of harvested marine products.

In view of the foregoing, the approval of this Bill is earnestly sought.
