HOUSE BILL NO. 5575

Introduced by **Hon. Cyrille "Beng" Abueg-Zaldivar**

EXPLANATORY NOTE

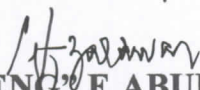

This bill was previously filed by Representative Frederick F. Abueg as House Bill (H.B.) No. 05174 in the 16th Congress and as H.B. No. 1786 during the 17th Congress. Both bills were referred to the Committee on Public Works and Highways.

The proposed bill seeks to convert the provincial road traversing from Sitio Tapsan to Sitio Rolling of Barangay Panitian located in the Municipality of Quezon, Province of Palawan, into a national road. The town of Quezon is a first-class municipality and has a population of 55,142, according to the 2010 census conducted by the then National Statistics Office (NSO). Barangay Panitian is one of the barangays in the municipality established through Republic Act (R.A.) No. 2593 enacted on June 21, 1959.

Every year, Barangay Panitian has been allotting funds for road gravelling of the above-mentioned provincial road, which fund comes from its twenty percent (20%) development fund. However, the amount is a heavy burden to the barangay whereas the gravel lasts only for about six months. The short-term benefit to the people in the area does not justify the cost for road maintenance. In short, while the needed fund increases by hundreds of thousands annually, the actual effect of this amount is for a short time only.

Moreover, most of the national roads in the Second District of Palawan are approaching project completion. Hence, we seek to convert more provincial roads into national roads in order for the national government fund to cover the repair, maintenance and improvement of the roads. Admittedly, the local and/or provincial governments of Palawan lack the necessary budget to put road maintenance as their priority.

In view of the foregoing, the approval of this bill is earnestly recommended.
