EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 6207

Introduced by **ANG PROBINSYANO**
Party-List Representative Alfred Delos Santos

EXPLANATORY NOTE

Under Republic Act No. 3262 or the Consumer Act of the Philippines, it is a declared policy of the State "to protect the interests of the consumer, promote his general welfare and to establish standards of conduct for business and industry." In order to achieve the foregoing policy, the State endeavors to enact measures for the "protection against deceptive, unfair and unconscionable sales acts and practices."

In line with the abovementioned policy and its commitment to enact the necessary measures, the State, through this Bill, will be able to properly regulate the operators of parking spaces and facilities which have been functioning without any form of regulation or standards of operation.

As part of the various measures to be proposed, this Bill aims to impose a standardized grace period wherein vehicle users shall be under no obligation to pay for parking provided that they remain within the period prescribed. This particular measure effectively renders illegal the unconscionable practice of imposing a flat rate which is payable upon entry.

Furthermore, this Bill aims to impose a standardized ceiling rate for all operators of parking spaces and facilities in order to control the imposition of unreasonably high and exorbitant fees.

It must be noted that these measures are not proposed to dissuade the operators of parking spaces and facilities. These measures are imposed primarily under an ethical consideration in favor of the users or customers of the parking spaces and facilities.

1 It is for the foregoing premises that the approval of this Bill is earnestly
2 sought.
