**EXPLANATORY NOTE**

Integrity of land titles are guaranteed by Torrens System of Registration, it is also the most effective way of measuring it. The best evidence of ownership of land or interest therein is the Certificate of Title issued under the System. Certificates of Title are supposed to be indefeasible and incontrovertible. Persons who are dealing with land or any interest therein are not one hundred percent sure of validity of the title. The system helps the surety of the person to the title.

More often than not, fake land titles in the Philippines are fabricated by syndicates to persuade buyers into acquiring supposedly cheap real estate properties. If this illegal act continues, our country will be flooded with fake and falsified Titles each inflicting harm on the integrity of the System, to the detriment of the country's economic stability.

This proposed legislative measure seeks to remedy and stop the nefarious practice of anomalously titling land, amending for the purpose the provisions of Article 171 and 172 of the Revised Penal Code, by increasing its penalty, if the falsification involves a Certificate of Land Title or any Land Patent Application, deed, instrument of documents in support thereof, reasonably connected with and calculated to cause the issuance of a Certificate of land Title. In addition, the offense shall be deemed a grave offense involving economic sabotage if the fair market value of the land as shown by its Tax Declaration issued by the City or Provincial Assessor or the Zonal Valuation as determined by the Commissioner of Internal Revenue whichever is higher or the aggregate value thereof, where the falsification or series or combination of falsifications involves more than one (1) Title is at least Ten Million Pesos (P 10,000,000).

In view of the foregoing, passage of this bill is earnestly sought.
