**HOUSE BILL NO. 6465**

Introduced by **HON. EDGAR M. CHATTO**  
First District, Bohol

**EXPLANATORY NOTE**

This bill seeks to establish a Philippine Science High School Campus in the Province of Bohol, specifically in the capital city, Tagbilaran.

Tagbilaran City was the first to have a science high school in the Province of Bohol in June 1995. Operating for more than 25 years now, the province has seen the benefits of having a competitive science high school. It levels the playing field for deserving students especially to those who cannot afford good education. It strengthens the background on Science and Mathematics of the youth which is needed for and the country with technological innovations.

While there is already a Central Visayas Region located in Cebu city, Republic Act No. 8496, as amended by Republic Act No. 9036, does not prevent the establishment of another campus with the region.

In fact, the local chief executive of Tagbilaran City has already committed to donate and has in actually identified a land for a Philippine Science High School campus in the city.

Having a Philippine Science High School Bohol Campus will further improve the level of competency of our students and will provide more opportunities for science and mathematics education not only for Bohol but for other deserving students within the Central Visayas region and in the country in general.

In view of the foregoing, the passing of this bill is earnestly sought.
