House Bill No. 2992

Introduced by **Pangasinan Fifth District Representative**
HON. RAMON V. GUICO III

EXPLANATORY NOTE

This bill seeks to convert the Urdaneta Bypass Road in Urdaneta City, Pangasinan to a national road.

The Urdaneta Bypass Road was constructed to address critical bottlenecks in urban areas and to improve the National Road System. Throughout the years, it has been utilized for the swift and efficient transportation of necessary goods and services, as well as provide for the comfortable travel of many Filipinos. It has also seen major upgrades and improvements, so much that it has now substantially met the administrative requirements prescribed for the conversion of local roads to national roads.

With the increasing relevance of the Urdaneta Bypass Road to the national transportation system, it follows logically that its conversion to a national road would foster more commercial activity; greater flow of investment; and more importantly, enhance economic and social wellbeing for all.

In view of the foregoing, immediate approval of this measure is earnestly sought.
