17TH CONGRESS
First Regular Session

HOUSE BILL NO. 2751

Introduced by Representative Munir M. Arbison

EXPLANATORY NOTE

This Bill seeks to establish an AREA EQUIPMENT SERVICES (AES) Office in the 2nd Legislative District of Sulu Province.

The repair, maintenance and rehabilitation of all motor vehicles and machineries of the DPWH Sulu 2nd Engineering District Office in the Municipality of Luuk, is currently being done by the 1st Engineering District Office Area Equipment Services, located 54 kilometers away in the locality of Jolo.

Sulu is identified as one of the most economically depressed and poor provinces of the Philippines. Development of infrastructure facilities is considered mandatory to improve and increase the commercial and business activities in both urban and rural areas.

The DPWH is mandated to achieve the early completion of horizontal and vertical infrastructure development projects of government. The immediate completion of undertakings by the National Leadership can be best achieved through constant accomplishment of progressive projects.

The establishment of an Area Equipment Services in the 2nd District of Sulu will certainly help bring about the essential progress and development necessary in its communities.

Approval of this Bill is earnestly sought.
