EXPLANATORY NOTE

The 1987 Constitution guarantees the right of the Filipino people to information on matters of public concern (Art. III, Section 7). To this end, public disclosure is institutionalized in The Local Government Code of 1991 through the posting requirement of LGU documents in certain conspicuous places in the locality, in print media, or in websites.

One of the documents so required is the summary of collected revenues and funds including the appropriations and disbursement of such funds. But the law obliges its posting only once a year. If we are to tell the people how their money is being spent by their leaders, posting should not be only once a year in few public places. It is submitted that a quarterly posting of the summary in all barangay halls, the municipal, city and provincial buildings, and on the website of LGU, if any, would better comply with the abovementioned Constitutional guarantee.

This bill also seeks to further strengthen transparency in all financial transactions of local government units by also penalizing the failure of concerned accountable officers to comply therewith.

The immediate approval of this bill is earnestly sought.
