EXPLANATORY NOTE

It is the responsibility of the State to educate its citizens on their right to vote and to ingrain in them the duty to preserve the integrity of the electoral process.

It is vital that students at junior and senior high school be educated about elections and their electoral choice, that they would be well-informed about the country's political landscape and electoral process, and mold them into becoming the pillars of democracy in the country.

Including this strategic and institutional platform will empower the youth by providing them with thorough knowledge in choosing leaders and prepare them to become responsible voters.

In view of the foregoing, the passage of this bill is earnestly sought.
