House Bill No. 3793

EXPLANATORY NOTE

The Philippine National Police Academy is the training of Cadets in order to develop them into public safety service officers imbued with professional competence, management leadership skills, sound moral character, and wholesome personality befitting that of a professional "law enforcer with a heart" based on strong democratic ideals, concepts and processes practiced as a way of life through academic freedom, the Honor System, and firm respect for authority and human rights. This is where the Philippine National Police (PNP), the Bureau of Fire Protection (BFP) and the Bureau of Jail Management and Penology (BJMP) recruit their personnel and are appointed as Police, Fire and Jail Inspectors.

Among the qualifications to be able to enter the PNPA include one being a natural born Filipino citizen, of good moral character, single and with no parental and financial obligation to anybody, 17 to 21 years old at the time of admission and others.

The PNPA aims to provide comprehensive education and training programs to transform cadets into God-center, community –responsive public safety officers trusted and respected by the people. And it cannot be denied that among Filipinos, trust is more prevalent among those coming from the same province, city or legislative district. As such, it is only apt that the PNPA ensure that the membership of their ranks are equally distributed and come from all areas of the country. And one way to do this is to, as far as practicable, select at least one incoming cadet from every congressional district every year.

This way, aspiring cadets from far-flung areas are given a chance to fulfill their dreams of becoming part of the ranks of the three uniformed bureaus of the Department of Interior and Local government, namely the PNP, BFP and the BJMP.

In view of the foregoing, immediate passage of this bill is earnestly requested.
