EXPLANATORY NOTE

The Mt. Pinatubo eruption of 15 June 1991 caused huge devastation in Central Luzon, brought untold suffering to many of our countrymen, and forever changed the landscape of many of the provinces in the area.

Pampanga, which was one of the hardest hit provinces, saw her towns being buried under tons of lahar, displacing many constituents, and forcing them to stay in relocation centers. The province has slowly recovered from the catastrophe, is continuously rebuilding, and is a living testament to the versatility of the Filipino people.

Rising from this tragedy shows resilience, iron will, and triumph of the human spirit. The lessons we have learned will help and teach us to strive harder in order to reach even greater heights.

Twenty Five years, hence and every year thereafter, It is but fitting that we commemorate this event, not to dwell on the pain and suffering it caused, but to inspire all of us to work for the betterment of our communities. That despite the seemingly overwhelming odds, we stood united, faced the challenges and emerged as better persons.

It is for these reasons that I seek for the immediate enactment of this measure.
