HOUSE BILL NO. 1824

Introduced by **HON. EDGAR M. CHATTO**
First District, Bohol

EXPLANATORY NOTE

This bill seeks the immediate completion of the construction of the International Cruise Ship Port in Catagbacan Norte, Loon, Province of Bohol through funding support from the government. Needless to say, the development and expansion of the Catagbacan Port as a Cruise Ship Port is envisioned to address the limited berthing space and shallow seabed of Tagbilaran Bay; thereby, expanding its capacity to accommodate more cruise ships, increasing tourist arrivals.

Section 2 of RA 9593 provides that "The State declares tourism as an indispensable element of the national economy and an industry of national interest and importance, which must be harnessed as an engine of socio-economic growth and cultural affirmation to generate investment, foreign exchange and employment, and to continue to mold an enhanced sense of national pride for all Filipinos."

The Catagbacan Port in the Municipality Loon, has been identified by the Philippine Ports Authority (PPA) for development as an International Cruise Port in view of its strategic location in relation to the ports in nearby island provinces and the Chocolate Hills of Bohol. It was also identified as a possible cargo port maintaining the Tagbilaran City Port solely as a tourist passenger port.

PPA is presently undertaking the Phase 1 of the construction and development of the Catagbacan Port as an International Cruise Ship Port. The PPA and the Department of Tourism (DOT) through the Tourism Infrastructure and Enterprise Zone Authority (TIEZA), shall prioritize the early completion of said project by providing funds and by enhancing the present masterplan for the development of its infrastructure and appropriate facilities.

Bohol continues to draw foreign tourists from across the globe from top-of-the-line international luxury cruise ships. These include M/S Minerva, M/S Hanseatic, M/S Silver Shadow and M/S Europa which docked, on several occasions, in Bohol for the past five years, each bringing hundreds of foreign visitors to savor Bohol's tourist spots. M/S Europa 2, an international cruise ship of Europe-based Hapag-Lloyd Cruises, a subsidiary of Hapag Lloyd AG, the world's fifth largest container carrier in terms of vessel capacity. A couple or more cruise ships are expected to have Tagbilaran as their

port of call in the coming months. The visitors take at least four tour circuits Bohol is known for: Tagbilaran-Baclayon-Loboc-Chocolate Hills.

According to the Department of Tourism (DOT), sea tourist arrivals, mostly via cruises, rose to 52,820 passengers in 2014 from 41,624 in 2013 and 23,857 in 2012. Cruise tourism is one of the strategic tourism products identified under DOT's National Tourism Development Plan.

The establishment of an international cruise ship port in Catagbacan Norte would accommodate more international cruise ships traveling around the Asia-Pacific Region, making Bohol more competitive as a world-class tourism hub and creating a favorable image of the Philippines within the international community, thereby strengthening the country's attraction as a tourism destination and eventually paving the way for other benefits that may result from a positive global view of the country.

Taking into account the points raised, immediate passage of this bill is earnestly sought.
