

Republic of the Philippines
HOUSE OF REPRESENTATIVES

EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 4234

INTRODUCED BY REP. JB BERNOS

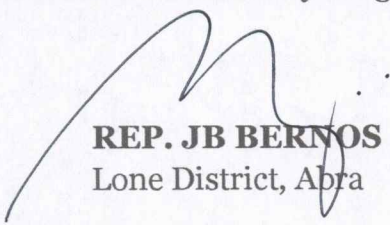

EXPLANATORY NOTE

The 1987 Constitution, through Section 15, Article II, provides that the State shall "protect the right to health of the people and instill health consciousness among them." This right is not only limited to the provision of primary health care made by barangay health centers and rural health units, but must also extend to secondary- and tertiary-level health care. All communities, however far they are from the urban centers where most medical facilities are located, must be ensured access to quality and accessible healthcare. Thus, it is imperative that such facility exists nearby these communities where it is needed the most.

Currently, the La Paz District Hospital, situated in Barangay Poblacion, La Paz, Abra, is government hospital classified as an 'infirmary' and has a twenty-five (25) bed capacity. Through this Bill, we are seeking to change the name of the hospital to La Paz General Hospital and to increase its authorized bed capacity to one hundred (100) beds to reflect its greater commitment to deliver quality healthcare to the people of La Paz and its surrounding municipalities of Danglas, Lagayan, San Juan, Tineg, and Langiden.

It is hoped that the approval and realization of this measure will also be a factor and a reason for Abreño healthcare professionals to remain in our Province to give back to the people who need immediate medical attention.

In view of the foregoing, the immediate passage of this Bill is earnestly sought.
