EXPLANATORY NOTE

The Province of Sulu, the 2nd District in particular, has been identified as one of the most economically depressed provinces in the country. This makes all the eleven (11) municipalities in the district dependent on the financial assistance, through the yearly internal revenue allotment, coming from the National Government.

Notwithstanding the vast opportunities for developing the province, specially in the area of agriculture and fisheries which can propel the economy and free the communities from the grip of poverty, the lack of financial resources has persisted in blocking efforts towards self-sufficiency and development.

The road proposed to be converted to national road has not been maintained by the Sulu Provincial Government for more than 30 years due to limited funds for the particular undertaking, hence resulting into the said provincial road's hazardous condition. This road connects to a national road.

This bill seeks the conversion of the 16.50 kilometers Lahing Lahing-Camp Andres Provincial Road to National Road, connecting the Municipalities of Omar and Luuk, Sulu, thereby giving the residents, farmers, fishermen and commuters, not only adequate but improved and safer access to other municipalities in Mainland Jolo, the Capital Town of Sulu, and rendering smooth travel within their respective municipalities.

Approval of this bill is earnestly sought.
