**3744**  
HOUSE BILL NO. \_\_\_\_\_

---

**Introduced by Honorable Rodante D. Marcoleta**

### **EXPLANATORY NOTE**

This bill seeks to require local government units (LGUs) to appropriate five percent (5%) of their internal revenue allotment (IRA) for the relocation and/or resettlement of underprivileged and homeless constituents.

Under the Urban Development and Housing Act of 1992, LGUS are mandated to provide areas within its jurisdiction for the relocation and resettlement of informal settlers in their localities. The law specifically aims to address the squatter problem in Metro Manila and other major cities and municipalities nationwide, despite said law, however, decent housing still remains a major hurdle to overcome.

Unfortunately, many LGUs fail to provide suitable resettlement or relocation areas due to inadequacy of basic needs and services thereat. They complain of financial difficulties in the implementation of their relocation and resettlement plans. The continuous exodus of informal settlers is an added burden t the LGUs.

In the light of the foregoing, this bill aims to assist the LGUs in providing relocation and resettlement areas by setting aside five percent (5%) of their respective IRA for the purpose. This will not only strengthen the financial capabilities of the LGU concerned but will also ensure that the basic services, programs and projects essential to resettlement communities are implemented with greater efficiency.

Approval of this bill is highly recommended.
