**AN ACT ESTABLISHING AN EDUCATIONAL SCHOLARSHIP  
PROGRAM FOR IMMEDIATE DEPENDENTS OF OVERSEAS FILIPINO  
WORKERS (OFWs), BOTH SEA-BASED AND LAND-BASED, WHO DIED  
OR SUFFERED PERMANENT DISABILITIES WHILE WORKING  
ABROAD OR OVERSEAS AND APPROPRIATING FUNDS THEREFOR**

**EXPLANATORY NOTE**

Based on available records of Philippine Statistics Authority (PSA), the number of Overseas Filipino Workers (OFWs) who worked abroad at anytime middle of 2015 was estimated at 2.4 million, with at least 97.1 % possessed with legal employment contracts. The apparent magnitude of our OFW population has undeniably helped sustain the socio-economic development of our nation.

Their mounting annual dollar remittances are considered significant sources of human capital development, since the money goes straight to their households and address various needs for their family's sustenance such as food, shelter and education. Further, the Bangko Sentral ng Pilipinas or BSP reported earlier this year that the total cash remittances sent via the formal banking networks by Overseas Filipino Workers (OFWs) summed to \$25.76 Billion in 2015, up 4.6 percent from \$24.63 billion in 2014

Verily, our OFWs remain the backbone of our economy, for which we regard them as our modern day heroes.

It is a perceived notion of many Filipinos that working overseas offers better opportunities for employment and higher source of income. Once in foreign soil or in the high seas however, they become vulnerable to various sorts of perils. Unfortunately, many of our migrant workers, both land-based and sea-based

based are either subject to abuses or ill-treatment by their employers or get into accidents or illnesses. In the worst cases, they die, leaving families with no sufficient source of livelihood, and their children unable to finish their education.

This proposed measure seeks to establish an educational scholarship program for the immediate dependents of OFWs who died or suffered total and permanent disabilities while working abroad. As they dauntlessly risk their lives and limbs to uplift the welfare of their families, and ultimately our nation, such a scholarship program is but a small, but meaningful way of giving back to them. Indeed, an institutionalized program, which would assure OFW dependents of a state-funded educational support in case of their death or permanent disability, would be a fitting recognition of their invaluable contribution to our economy.
