EXPLANATORY NOTE

This bill seeks to convert the 2.85 kilometer GOVIC Highway in the Municipality of Iba, Province of Zambales into a national road.

GOVIC Highway is a bypass road which serves as an alternate route for commuters who wish to avoid traffic within the heart of the Municipality of Iba when going to the northern towns of the Province of Zambales. While it serves its purpose to decongest traffic in the Municipality of Iba, GOVIC Highway is poorly maintained. As it has become a vital infrastructure in the transport of goods of farming communities of its surrounding barangays and municipalities, the only viable solution to guarantee that necessary fund for its maintenance and expansion is provided is by converting it into a national road. The conversion of the GOVIC Highway into a national road will promote ecotourism and socio-economic development not only in the Municipality of Iba but also of the nearby municipalities in the 2nd Legislative District of Zammbales.

It is in this light that this bill is being filed and immediate passage of this bill is earnestly sought.
