HOUSE BILL NO. 3562

Introduced by Honorable Roger G. Mercado

EXPLANATORY NOTE

Public restroom is an essential element of a community not only in public places but also along roads where motorists and travelling public frequent. Every time someone goes out of their home, he or she will probably need a comfort room. Without public restrooms, the community's health and sanitation will be compromised. Consequently, the public's wellbeing will also be compromised.

Therefore, passage of this bill is hereby being earnestly sought.
