

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

House Bill No. 3104

Introduced by **Pangasinan Fifth District Representative**
HON. RAMON V. GUICO III

EXPLANATORY NOTE

Often we tout that education is the paramount solution to our country's woes and yet, even with the very same annually accorded the lion's share of the national budget, our education system remains far from exceptional. To illustrate, the Department of Education (DepEd) has reported that for Academic Year 2019-2020, there are over 27 million enrollees from kinder to senior high school, with a sizeable number of public schools unable to cope with such spikes in student population. Public school administrators are therefore forced to put students in cramped classrooms, conduct two separate classes in a single room, and enforce irregular shifts to accommodate all year levels in a school day.

Consequently, such severe learning conditions negatively impact the academic development of many Filipino children, which in turn damages the quality of our human capital. Ideally, the classroom-student ratio should be at 1:45, but present realities indicate otherwise. There's also the problem of decrepit school facilities such as libraries, workshops, and even comfort rooms that exacerbates the already uncomfortable conditions many Filipino students and teachers suffer from. Clearly, the budget program is insufficient to meet our annual educational funding requirements.

As such, to address these deficiencies, 20% of all VAT proceeds should be automatically allocated for the following:

- a. Construction of buildings, classrooms, toilets, and other structures for pre-school education;
- b. Additional funding for the Government Assistance to Students and Teachers in Private Education (GASTPE) Program for pre-school education;
- c. Acquisition and improvement of sites for elementary education;
- d. Acquisition and improvement of sites for secondary education;

- e. Acquisition and improvement of sites for state and local universities and colleges;
- f. Scholarship grants for technical education and skills development; and
- g. Scholarship grants for qualified indigent students enrolled in science and engineering courses.

In view of the foregoing, immediate passage of this bill is earnestly sought.

Rep. Ramon V. Guico III

4) THIRTY PERCENT (30%) SHALL BE ALLOCATED FOR SECONDARY EDUCATION FOR THE ACQUISITION AND IMPORVEMENT OF SITES; THE CONSTRUCTION, REPLACEMENT, AND REPAIR OF BUILDINGS, CLASSROOMS.

1 LIBRARIES, WORKSHOPS, TOILETS AND OTHER STRUCTURES, TO BE
