

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 1262

Introduced by HONORABLE LUIS RAYMUND F. VILLAFUERTE, JR.

EXPLANATORY NOTE

There remains the need for more dedicated teachers in the public school system, especially in the remote rural areas. The lack of teaching personnel in the country has been a long-time problem and the demand is still high despite the recent hiring of additional teachers¹. The difficulty of this scenario is best illustrated by the current disproportionate teacher-student ratio and class sizes reaching up to 70 students per class.

This bill intends to incentivize teacher education and encourage a career in teaching by providing scholarship grants to students enrolling in teacher education. At least ten (10) qualified candidates per province each year shall be chosen to benefit from the proposed program and shall be granted scholarship covering all school expenses. In turn, graduates of the program, after getting their Bachelor of Arts or Science in Education, must render service to teach in any public elementary or secondary school in their home region or in any rural public school for at least five (5) years.

Reforms, such as the freeing up of the costs of education, have been recently placed to fulfill our Constitutional mandate to protect and promote the right of all citizens to quality education at all levels. This can only be truly achieved if we have teachers in place and joining the profession is supported and encouraged.

The approval of this bill is earnestly sought.

LUIS RAYMUND F. VILLAFUERTE, JR.
