HOUSE BILL NO. 3717

Introduced by **HON. JOY MYRA S. TAMBUNTING**

EXPLANATORY NOTE

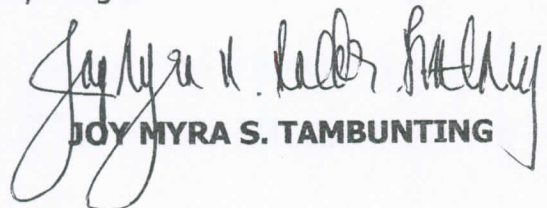

This Bill seeks to deliver educational advancement to the Filipino studentry through the use of alternative means of instruction such as print, radio, television, and other multi-media learning and teaching technologies that allow students to study on their own without having to regularly attend class in the conventional classroom setup.

This alternative learning system adheres with the constitutional mandate of providing access to relevant quality education through the employment of an alternative learning system that would enable the youth including adults to overcome geographical, socioeconomic and/or physical constraints to their completion of secondary and tertiary education including advance studies.

The prevalence of computers or the so called artificial intelligence and the rapidly changing society and the demand to the globally competitive cannot be ignored. It has to be addressed by keeping at par with the high tech genre.

This legislation gives birth to ELearning as an alternative mode of learning. This Cyber Education Bill aims to institutionalize the Open ELearning School System thereby defying hindrances in the effective, systematic and advance means of computer education.

Hence, immediate passage of this legislation is urgently sought.
